BILL NUMBER: HB 1488

BILL AMENDED:

SUBJECT: Teacher Training Concerning Dyslexia.

FIRST AUTHOR: Rep. Behning

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: ☒ **GENERAL**
DEDICATED
FEDERAL

IMPACT: State & Local

Summary of Legislation: The bill requires the Department of Education to establish guidelines for training of teachers concerning dyslexia. The bill requires the Department to adopt reading instruments to diagnose reading development and comprehension.

Effective Date: July 1, 2005.

Explanation of State Expenditures: Under the bill, the Department of Education (DOE) would be required to develop a plan to train educators and examine reading instruments for dyslexia and related disorders. Depending on the medium type of the training materials (e.g., literature, video, or documents), the DOE may need to reallocate staff time and may require an additional consultant to oversee the development of the materials.

The funds and resources required above could be supplied through a variety of sources, including the following: (1) Existing staff and resources not currently being used to capacity; (2) Existing staff and resources currently being used in another program; (3) Authorized, but vacant, staff positions, including those positions that would need to be reclassified; (4) Funds that, otherwise, would be reverted; or (5) New appropriations. As of September 7, 2004, the Department of Education had 263 full-time staff members. For FY 2005, the Department has 272 budgeted full-time positions, 10 budgeted temporary positions, and 36 budgeted intermittent positions. Ultimately, the source of funds and resources required to satisfy the requirements of this bill will depend upon legislative and administrative actions. The Department reverted \$4.3 M in FY 2004.

Explanation of State Revenues:

Explanation of Local Expenditures: School corporations would have the option to adopt a list of reading instruments for use for dyslexia.

Explanation of Local Revenues:

State Agencies Affected: Department of Education.

Local Agencies Affected: School corporations.
